

Rancho Cucamonga Learning Center September Update!

Hello Learning Center families! We have successfully completed our first week of classes and I hope that the kids had a great experience. With that being said, there are a couple adjustments that are going to be made in order to better accommodate everyone. We have grown leaps and bounds and we are so thrilled about that!

- ❖ Lunch reminders- Please pack accordingly for your child's lunch by providing utensils, cold packs and napkins. We do not have access to a microwave or a fridge for the students so please do not pack anything that has to be warmed up or refrigerated.
- ❖ Parent Volunteers- Our site will be asking for parent volunteers to help out during lunch time. If you would like to volunteer, please see Mrs. Ford at the front desk and she will provide you with a volunteer packet that MUST be filled out and returned. There is a fingerprint process and background check that will need to be completed BEFORE you can begin to volunteer. Thanks in advance for those who are willing to help!
- ❖ Our site will be implementing a new pick up procedure. With the number of students tripling this year, we are trying to make the pickup routine a lot easier. We ask that as you enter the driveway (off of Jack Benny) you proceed straight behind the building, there will be signs directing traffic back to the front of our school. After class, teachers will direct students to their car making sure that they are entering on the left side of the vehicle for safety precautions. ALL teachers will be out with their classes directing students. It may take a couple trial runs to get this down, but we feel it will prevent traffic and parking concerns. If for some reason you have to park to pick up your child for any meetings, we ask that you please wait outside until class is dismissed. With A+ tutoring beginning at the same time as dismissal, there just isn't enough space in the lobby to accommodate everyone.

Thank you for your understanding as we continue to try to make our learning center the best it can be! Please do not hesitate to approach any of our staff with any questions!
