Career Internship Technical Education

Springs Charter Schools attended the annual APlus+ conference this year. The following staff members presented at this conference with a smashing success: Stacy Grutzmacher, April Jacoby, Cathy Hanson, Vivian Price, Tamara Rose, Carrie Paschall, Karen Arnett, Kelly Harrell, Dan Loder, and Isaac Piercy.

Springs' CITE was recognized at the annual APlus+ Network Conference with the Pioneer Award for Career Pathway Innovations. Our school has been at the forefront of CTE and Internship/WEE (Work Experience Education) in the charter community and has been giving related workshops at multiple venues, both at the state and national levels. This year, our team presented the following six workshops:

- Personalized Learning in an Independent Study CTE Classroom
- Career Technical Education Online
- Internship and Work Experience Education (WEE) Supporting Career Readiness
- Putting Students First by Keeping the End in Mind
- Providing Equity Through Personalized Project-Based Learning
- Springs CTE Mastery Model

INTERNATIONALSM THESPIAN SOCIETY

HONORING STUDENT ACHIEVEMENT IN THEATRE

Jessica McIntyre, one of our Education Specialists, has joined in launching a Springs Thespian Society, an international honor society which brings actors of all ages together through conferences, training, and events. Jessica serves as coordinator; student officers run meetings and make decisions for the group. Induction in high school brings such benefits as graduation honors and chords to wear, a subscription to the acting magazine DRAMATICS, scholarship opportunities, access to conferences and lifetime membership after school.

Society members meet at Springs centers in the Riverside area, but participation is open to all students regardless of where they live. If a student cannot make the drive, he/she is welcome to join via Google Hangouts. More info at www.springscharterschools.org/Theatre

Corona

STUDENT CENTER

It's Fall Festival Time at CSC! We had 7 craft, game, and photo booth rotations set up all through the playground and classrooms. The middle school students and teachers ran the stations for the elementary students. The middle school team voted to do this so that they could give back to the little kids and show them how to be a role model. A wonderful parent of ours who does photography came to the Site and took pictures of the students with our staff members. Our Staff all played into the theme of our first Project Based Learning theme titled Once Upon A Time - Literature. After the entire school celebrated Once Upon A Time Fall Festival, we invited our parents and community members to see the PBL themes.

ONCE upon a TIME

Mrs. Zinda-Hansen was the "Good Witch", Mrs. Mynde was the "Fairy God Mother", and Ms. Renee was "Maleficent" to name just a few!

For our first Project Based Learning theme, students were instructed to read a book and create a pumpkin/gourd/fall vegetable or fruit (real or fake) project out of the main character or book title. We have major artistic talent! We had projects turned in from Beauty and Beast, STAR WARS, The Descendants, My Little Pony, Pete the Cat, Moby Dick, Matilda, Shopkins and so much more. CSC would like to give a huge shout out to our parents for helping their children grow and tapping into their artistic side. The projects were just breathtaking!

As part of Red Ribbon Week, we got a special visit from the Corona Police Department and a police dog named Ziggy. He was very informative for our students and gave them a lot of information about living a healthy life style. When he brought Ziggy into the classrooms, the students were stunned at how relaxed the dog was with all the people around him. The police officer showed the students some of the commands he uses with Ziggy in their line of duty.

Corona Mosaic Academy would like to thank Tina Erickson for putting together the annual Flag Football Tournament against other Springs Sites. CSC, one of the smallest Springs sites, had 29 kids signed up to play flag football. This year, we did not take the trophy home, but we did

strive to be the best players we could be and the children saw that the community can come out to support their love of the game.

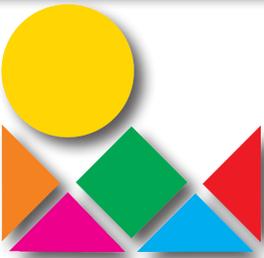

Thank you to Mr. Ron, CSC Custodian, for always stepping up and volunteering to take on this tournament. Thank you to the parent volunteers who came out to assist Mr. Ron - Mr. Hansen and Mr. Hampton we appreciate you! Our Principal, Mrs. Zinda-Hansen loved showing her school spirit in our Coyote Pride spirit wear. Thank you to everyone who made this day about the kids. It never goes unnoticed. Parents and guardians make days like this possible!

Thanks to a generous parent donation, Mrs. Cummins class was able to learn about computer coding with Ozobots for our STEM Thursday activity. Students created codes to get the Ozobots to complete their commands. It was a great learning experience and they can't wait to do it again!

Our students had such a great time dressing up for Red Ribbon Week. We loved seeing them walk in everyday with a smile on their face's enjoying everyone's attire. Our favorite day was the 'Lei off Drugs" day. It gave our school a very tropical feeling for the day.

This school year the high school staff has been blessed with several outstanding and hardworking high school Teacher Assistants. No task is too small or too difficult for these diligent young ladies in training. All your support and tackling of various duties throughout the day are appreciated! Thank you for all you do!

With great honor, we are proud to celebrate our former RSCS 2015 Alumni, Dominic Del Bono. Dominic had a true inspiration for law enforcement, pursued his dream and is now employed by the Los Angeles Police Department. Recently, during a surprise visit, Dominic shared his excitement for his new career beginning and looks forward to a very promising future. We are extremely PROUD of you Officer Del Bono! – RSCS Staff and Students

Fall fun was kicked into high gear at iShine Student Center in October! Field trips for the TK and Kindergarteners included a visit to local Fire Station 84 in Temecula to meet some of our local heroes and learn about fire safety. One of their favorite things was getting to sit in the driver's seat of the fire truck. They also enjoyed getting to ask questions and talk with the firefighters.

Our TK, Kindergarten, and 1st-grade classes all visited a local pumpkin patch and took guided tours. They learned about farming, the harvest season, and about pumpkins. Do you know how many different types of pumpkins there are and for what each type is used? Our kindergarteners do; you should ask them about it! While learning about farming and harvest, our students also had the opportunity to learn about animals that live on the farm. They spent some time getting to know them in the petting zoo.

Thanksgiving

Beautiful Princesses, brave superheroes, adorable animals, and many other fascinating friends joined us at iShine on Tuesday, October 31st! The day began with our annual parade to show off our costume creativity. Later in the day, during a fun series of special elective classes, called "Excursions," amazing things occurred all over our campus! There were ghouls dancing the Monster Mash in the parking lot, volcanic pumpkins exploding in the quad, owls flying through the B wing of the school, skeletons building STEM projects with confections, ghosts leaving footprints on the playground and scarecrows learning gardening by planting succulents.

I'm Josephine, a 10th-grade student with Venture Online. For most of my childhood, I lived in Pennsylvania, but I am now living my teenage years in California. When I am not studying or working, I am usually enjoying the culinary arts, sketching, or singing. I enjoy spending most of my time at home with my twin sister, Kearsten. Since we are fraternal, we look nothing alike, but our inner personalities are like doppelgangers.

I chose Venture about six months ago while going through an unpleasant situation at the traditional public school I was attending. I was also starting my modeling career and needed a flexible schedule. We started looking into online schools and came across Venture Online. We emailed Venture and started asking some questions about how we could switch over and what the program entailed. Once we had all of our questions answered, we realized that this was our best option and my siblings and I joined a few weeks later. Venture Online has wonderful teachers and personalized material.
