## Program Information

# NEW!!

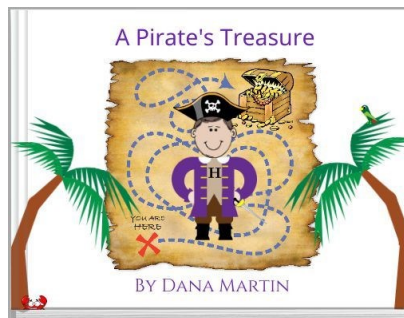

Boosting Student Learning Through Cooperative Adventures

**Don't miss this great field trip opportunity.**

**REGISTER TODAY!**

Schoolhouse Escapes is designed to supplement your entire educational program and to improve achievement for all students. It also provides the opportunity for parents to observe their students engaged in grade-level appropriate problem-solving & collaborative activities.

All four grade-level games runs simultaneously each session. Each grade-level game is Common Core standards-based and will require students to work in collaborative groups, with rewards for kindness and patience, and will emphasize each student's unique strengths, while they solve the problems by applying knowledge they have already.

Many years ago, a famous pirate captain buried a treasure of gold and tore his treasure map into pieces, hiding them all over the world. But now at his advanced age, he cannot remember where they are! Five pirate ships embark on a global journey in search of the five torn map pieces.

Argh! Are you up for the challenge?

Students and guests are encouraged to dress the part.

*CURRICULUM CONNECTION:* Critical Thinking, Communication, Collaboration, Creativity.
